## TO WHOM IT MAY CONCERN

Surname: Parks  
Forenames: Robbie Michael

This is to certify that the above named student was registered at this College in the School of Public Health as a Full Time Postgraduate student.

Course: Clinical Medicine Research (Public Health)  
Period of Study: 3 October 2015 to 1 September 2019  
Qualification obtained and Awarding Body: PhD degree of Imperial College London and the Diploma of Imperial College  
Date of Award: 1 September 2019  
Research Topic: Environmental epidemiology  
Thesis Title: Anomalous temperature and seasonality of mortality in the United States

Mr Parks submitted his thesis for examination on 3 July 2019; he defended his thesis in an oral examination (viva voce) on 25 July 2019; his examiners determined he pass, subject to completion specific minor corrections to their satisfaction within three months.

Mr Parks has made the required thesis amendments, and has deposited the final thesis to College Registry for award. All degree requirements are met and the PhD will be conferred as above.

Imperial College London became a university in its own right with its own degree-awarding powers in July 2007, and accordingly appears in the United Kingdom Department for Business Innovation & Skills list of "recognised bodies" at [www.bis.gov.uk/policies/higher-education/recognised-uk-degrees](http://www.bis.gov.uk/policies/higher-education/recognised-uk-degrees).
