Death rates by state fitted by month 1981–2009 against t2m days_above_30 : Men 0

This scatter plot, titled "Kochi", displays the relationship between "t2m days_above_30" (x-axis) and an unlabeled y-axis. The x-axis ranges from 0.0 to 2.0 with major ticks at 0.0, 0.5, 1.0, 1.5, and 2.0. The y-axis has a range from approximately -1.5 to 1.5, with major ticks at -1.5, -1.0, -0.5, 0.0, 0.5, and 1.0. A dense cluster of multi-colored points is concentrated at x=0, spanning the full y-axis range. Two dark red lines originate from the center of this cluster and diverge as x increases, representing different trend estimates. Additionally, several individual points are plotted at x=1.0 and x=2.0, mostly falling within the range of the diverging lines.
